¹ Membership gains and losses should be interpreted cautiously. They reflect not only gains and losses within individual congregations, but changes in the number of congregations due to a variety of factors, including closure, dismissal to another denomination, new congregations, and transfers between presbyteries.

¹ Membership gains and losses should be interpreted cautiously. They reflect not only gains and losses within individual congregations, but changes in the number of congregations due to a variety of factors, including closure, dismissal to another denomination, new congregations, and transfers between presbyteries.

Note: In all, 82.0% of congregations reported the race-ethnicity of their members in 2012. We used other sources to estimate the racial-ethnic membership of non-reporting churches. This includes information from the African American Congregational Support Office, the Native American Congregational Support Office, the Hispanic Congregational Support Office, the Asian Congregational Support Office, and previous years' reports. We also worked with presbytery offices to resolve discrepancies for a number of churches that did report race-ethnicity data. As a result, the table reflects data or estimates for 10,221 congregations (99.6%).

— = No data reported.

¹ All individual contributions and expenditures for local program and local mission are based only on reporting congregations and their members (shown under "2012 Members").

² Individual contributions are all monies received from living donors (except capital fund contributions), such as payments on pledges, loose offerings, special offerings, and other gifts to the church.

³ Members in reporting congregations.

⁴ Total receipts includes individual contributions, donations to capital and building funds, bequests, investment income, and other income.

¹ Installed pastors are pastors, co-pastors, associate pastors, and designated pastors.

² Other pastoral leadership includes commissioned ruling elders, pastors from other denominations, interim pastors, tentmakers, organizing pastors, retired clergy, and supply pastors.

³ Congregations without pastoral leadership are those without installed pastors and without other pastoral leadership.

⁴ Based on congregations that reported membership and worship attendance in 2012.

⁵ Calculated as total contributions divided by average worship attendance for only those congregations reporting both.

⁶ This number is smaller than the total number of congregations shown in Table 1 because there were 28 congregations with no reported members.

Technical Information

Sources of Data

Unless otherwise noted, membership data presented in this publication are those reported by congregations to the Office of the General Assembly and are from the Session Annual Statistical Report. Ministerial data are reported by stated clerks of presbyteries. Data on candidates for ministry are from the Office of Preparation for Ministry/Examinations.

Guidelines for Use

All statistics for synods and presbyteries in this edition of *Comparative Statistics* are based on boundaries in place for the year the data were reported. Caution should be used in interpreting comparisons between years as boundaries may have changed.

Tables are numbered from 1-15. Check table titles (not table numbers) in making comparisons with membership and ministerial data in previous annual editions.

Most percentages have been rounded. When the observed value is at dead center between two adjacent values it is rounded to the nearest even number. Thus, 7.5 is raised to 8, while 6.5 is lowered to 6. (Theoretically, even and odd numbers occur with equal frequency in the long run. Consequently, in rounding consistently to the nearest even number, half of the values will be raised and the other half lowered, thereby canceling out errors and leaving the sums free of rounding error.)

Definitions: Membership

Membership Gains and Losses are those reported annually to the Office of the General Assembly by congregations.

Total Gains in membership is the number derived by adding gains through: Profession of Faith, Reaffirmation, and Restoration (the number of persons received during the year through professions of faith, reaffirmation of faith, and restoration to the active members' roll after removal, deletion, or temporary exclusion); Certificate (persons received into membership upon receipt of a certificate of transfer from another church); and Other (all other additions to the active roll, including adjustments).

Total Losses in membership is the number derived by adding membership losses through: Certificate (members dismissed to other churches for whom certificates of transfer have been issued); Death (members whose names have been deleted from the active roll because of death); and Other (all other

members whose names have been removed from the active membership roll).

Definitions: Teaching Elders

Pastor/Co-pastors are solo pastors, co-pastors, heads of staff, or designated pastors serving a particular congregation or congregations.

Associate Pastors are associate pastors serving a particular congregation or congregations, including designated associate pastors.

Supply Pastors are stated or temporary supply pastors serving a particular congregation or congregations.

Interims are pastors and associate pastors serving as interims in a particular congregation or congregations.

Chaplains are chaplains serving in schools, colleges, universities, seminaries, hospitals, and other institutions; in military service; or in Veterans Administration service.

PC(USA) Executives are teaching elders serving as an executive, stated clerk, or other staff in mid-councils or General Assembly entities.

School Staff or Faculty are teaching elders serving as a president, administrative staff, or faculty member of a college, university, seminary, or other school.

Other Professionals are teaching elders serving as a chief administrator or staff in other denominations, ecumenical or non-denominational agencies, or other institutions, or who serve as spiritual directors or pastoral counselors.

Other includes teaching elders who are college, university, or seminary students or otherwise without a validated call.

Retired includes teaching elders who are honorably retired members of presbytery or who serve as pastor emeritus/emerita of particular congregations.

Candidates are individuals seeking to become teaching elders of the Word and Sacrament who have completed the inquirer phase and been examined by their presbytery's Committee on Preparation for Ministry and the presbytery as a whole and enrolled as candidates for ministry.

Definitions: Finances

Total Receipts is the sum of monies received by all treasurers (including church treasurers and the treasurers

of all boards and organizations of the church) between January 1 and December 31, 2012 in the following categories:

Contributions from Living Donors—payments on pledges, current as well as delinquent; loose offerings; special offerings.

Capital and Building Funds—receipts for capital purposes or building funds.

Investment and Endowment Income—interest and dividends from stocks, bonds, other investments, and endowments; proceeds from sale of investments.

Bequests—the value of all new gifts from estates.

Other Income—rent or reimbursement from organizations using church property; tuition/fees for day care; and other income.

Total Receipts exclude monies received from other churches or from a presbytery, synod, or the General Assembly for local program or mission.

Total Expenditures is the sum of expenditures during the year in the following categories:

Local Program Expenditures—the total of all monies expended for current operations of the congregation, such as salaries and wages; pension and Social Security payments; printing, postage, and materials; utilities; insurance premiums; and payments of interest or principal on loans—whether secured by a mortgage or not.

Local Mission Expenditures—monies expended on all local mission projects approved and directed by the session and payments to local ecumenical bodies, such as councils of churches.

Capital Expenditures—all monies expended for real property, whether improved or unimproved; construction of new buildings; extraordinary repairs on existing buildings; and equipment with anticipated useful life in excess of three years.

Investment Expenditures—monies newly placed into long- or short-term savings or investments (certificates of deposit, real property mortgages, stocks and bonds, real property, money market funds, etc.)

during the year and remaining invested at the end of the year; brokers' fees; bank charges; etc.

Per Capita Apportionment—the total of monies expended for assessments from presbytery, synod, and General Assembly for their operating expenses.

Validated Mission Expenditures—all monies given to presbytery, synod, and General Assembly agencies for mission projects, including payments toward the mission budgets of these entities, and all proceeds from presbytery or synod special offerings, as well as General Assembly special offerings (i.e., One Great Hour of Sharing Offering, Christmas Joy Offering, Peacemaking Offering, and Pentecost Offering), other offerings (Disaster Relief, Thank Offering, etc.), payments to the Theological Education Fund, and funds donated to all other PC(USA)-sponsored programs. (Per capita apportionments are not included.) Also included are monies given for mission programs and projects that are related to the Presbyterian Church (U.S.A.), but are not described in the categories above (mission approved, but not directed, by the governing body with jurisdiction or institutions related to a presbytery, synod, or the General Assembly).

Other Mission Expenditures—all monies expended for mission causes not related to the Presbyterian Church (U.S.A.) and not included in the categories defined above.

Changing Definitions

On July 10, 2011, the part of the church's constitution dealing with governance was replaced with a new document that changed some common church terms. In particular, "ministers of the Word and Sacrament" are now known as "teaching elders," and "elders" are now known as "ruling elders."
